

Lesego Neo Mphahlele's CV

ABOUT ME

I am a recent Software Developer graduate who is dedicated in learning and expending my knowledge in all thing's technology.

PERSONAL DETAILS

Gender: Male
Race: Black
Nationality: South African
Languages: English and Sepedi
ID Number: 0110015269084

CONTACT

Cell number: 0665779462
Alternative number: 0615825031
Email: LesegoKota287@gmail.com
Location: 22 Bonza Bay, Alberton, 1450

Objective

To work in an environment that encourages success and personal growth, where I can effectively utilize and expand my skills and Knowledge.
I am a highly driven individual, eager to embrace challenging opportunities that allows me to contribute meaningfully to the company's success. My commitment to excellence and dedication to achieve results will make a valuable addition to your team.

Education

Years:	School:	Qualifications:
2024-Present:	CTU Training and Solutions	Cybersecurity (NQF 6)
2023-2024:	CTU Training and Solutions	System Development NQF 5)
2021-2023:	CTU Training and Solutions	Programming Foundation (NQF 4)
2015-2019:	Hoërskool Marais Viljoen	National Senior Certificate
2013-2014:	Alberton Primary School	
2012:	Alston Primary School	
2008-2011:	Primrose Primary School	

Projects

- Student Management System
- University Management System
- Employee Management System
- Comic Book Web Application
- Healthcare System Database for a medical facility
- Event Management System

Certifications

- Introduction to Programming using HTML and CSS
- Introduction to Programming using JavaScript
- Introduction to Programming using Python
- Administering Microsoft Azure SQL Solutions

Skills

I have knowledge and skills in the following:

Programming Languages

HTML, CSS, JS, SQL, Java, python and C#

Scripting Languages

PowerShell and bash

Microsoft Suite

Microsoft Word, PowerPoint, Access, Excel, Outlook

Programming and Software Development

Proficient in Java and C#

skilled in SQL database access and fourth-generation languages.

Expertise in software testing, error detection, source file management, and system design.

Web Development and Internet Technologies

Understanding of web server implementation and management.

Basic knowledge of e-commerce website

principles and management.

Familiar with the principles of the internet and world-wide web.

Application Development

Capable of designing and implementing applications for single-user personal computers using fourth-generation programming languages.

Experienced in designing system inputs and outputs.

Database Management:

Proficient in database development using Microsoft SQL Server; skilled in database theory, structured query language (SQL), and administering multi-user security systems.

System Administration:

Expertise in installing and implementing SharePoint, server environments, and managing computer-based systems.

Programming and Development:

Competent in procedural programming within GUI environments and data solution design and development.

Change and Project Management:

Knowledge of change management processes for IT systems and IT project coordination.

Professional Skills

Strong awareness of ethics and professionalism in the IT industry.

Great team player

Work Experience

CTU Training and Solutions – Year 2023:

I have been appointed to work on a project that we were assigned to create an Event Management System for our Work Integrated Learning project. I was assigned with the expertise of developing, maintaining, designing a web Application using ASP.NET Core with integrated programming languages like HTML, CSS, Blazor and JavaScript.

The Human Resource Manager

Dear Sir / Madam

**RE: request to accommodate CTU career students enrolled for a FET Certificate:
Information Technology: Database Development (SAQA ID: 71850, NQF Level 6, 120
Credits)**

In line with industry requirements, CTU offers programmes that prepare graduates for employment opportunities in the industry. CTU Career Campuses offers a variety of programmes with national qualifications and international certifications which develop skills and prepares the graduates for a future filled with exciting opportunities. Our facilitator-led programmes are developed and updated regularly according to new technological developments and market trends.

The Further Education and Certificate: Information Technology: Database Development learning programme is an NQF registered qualification, SAQA ID: 71850. This

Qualification is for any individual who is or wishes to be involved in advanced skills and knowledge required to undertake advanced tasks and procedures in office technology. In addition, this will significantly enhance the learner's prospects of gaining employment by providing a solid grounding in advanced computer skills required in today's business environment.

This qualification is registered at NQF Level 6 in the Further Education and Training Band.

The Qualification ensures the progression of learning, enabling the learner to meet standards of service excellence required within the IT field of learning, through building day-to-day IT skills as well as general operational competencies. It provides the broad knowledge, skills and values needed in the IT field for all business and non-commercial sectors and will facilitate access to, and mobility and progression within, education and training.

The qualifying learner will be capable of:

- Developing software systems.
- Creating and managing databases.
- Implementing SharePoint solutions.
- Implementing security systems.
- Creating and managing computer systems.

We therefore appeal to your organization to accommodate some of the college's students for workplace integration or experiential learning.

The organization is under no obligation to make any monetary or material advancement to the learners, whilst the learners commit to observing all rules and regulations of the company during their time of experiential learning.

The following Exit Level Outcomes apply to the FET certificate: Information Technology

Database Development Practice:

Private
Tertiary
Education

1. Apply database development skills, using a Microsoft SQL Server 2008 program.
2. Install and implement SharePoint skills.
3. Install and implement Server skills.
4. Understand general database theory.
5. Create database access for a computer application using structured query language.
6. Understand Computer Database Management Systems.
7. Administer security systems for a multi-user computer system.
8. Apply the principles of creating a computer program using a procedural programming language in a GUI environment.
9. Understand change management for computer systems.
10. Manage computer-based systems.

We look forward to your favorable response and the start of a mutually beneficial relationship between your organization and CTU.

For more information on this request please contact:

- Thabang Mashile (HOP) – thabang.mashile@ctutrainig.co.za

Thank you in advance for your consideration.

Head of Programme: Thabang Mashile

Work Integrated Learning (WIL) Agreement

Student / WIL employer

With respect to an agreement to place a student on a work experience organised between:

Student name:

Address:

Phone:

and

Provider's Name:

Provider's Address:

Phone:

Contact Person:

Placement details:

Industry/Occupation:

Dates of Placement:

No of days:

No of hours:

1. Student's responsibilities

I will attend my placement for the full work experience period. I will ensure that both the college and the person or organisation providing the placement will be notified if I am unable to attend the workplace. My dress and behaviour will be in keeping with the accepted standards of my work experience provider. I will perform my duties to the best of my ability and comply with all reasonable directions given by the work experience provider. I will inform my supervisor of any personal injury or damage to property which may involve me.

Day/Month/Year

Student's Signature

2. WIL provider's agreement:

I enter into an arrangement for the named student to be placed with me for the purpose of work experience.

Conditions of placement:

1. I understand my obligation of care for the student under the Workplace Health and Safety Act 1993.
2. I agree to inform the student of particular safety requirements of this workplace.
3. I agree to notify the college of any accident involving a school student, any actions undertaken and damages to property involving the student during this placement.
4. The student will work under my supervision or my nominee.
5. The arrangement may be terminated at any time by either the college or myself.
6. Payment for work completed is optional
7. The hours worked will not exceed the normal hours worked in my industry.
8. The student will not perform work which is prohibited by law.
9. I agree to notify the college of any unexplained absences by the student.

Date: Day/Month/Year

Signature of WIL provider.
